A Hat for Every Head

A hat to fit every occasion. A hat to fit your individuality. A hat that fits your head as well as your purse.

A new shipment of spring models has just arrived and we're proud of it. Included is every style and color that will be worn this spring, from the cap for sport and lounging to the silk hat for formal dress. And every one is a winner.

"Softs" and Derbies at \$1.89

These Hats are all in the new spring styles. In the soft hats the new flat brim predominates, and the colors are brown, slate, olive and black. The Derbies are equal in quality to the soft hats. They are made of fur felt, the kind that wears, and this is dyed a fast black. You will surely pay more elsewhere for hats similar to these.

The "Lansdowne" at \$2.74

Here is a headgear equal to any of the \$3.50 grades. It possesses all the fine points in style and workmanship that you'd expect to find in hats that are priced much higher. The "Lansdowne" Soft Hat is shown in black and all the new spring shades, while the conservative and always dressy black prevails among the "Lansdowne" Derbies.

New Styles in Men's Caps, 89c

Here are hundreds of caps, in as many patterns. Just the thing this spring and summer for sport or lounging. And the variety of materials is large, too. You will find tweeds, homespun, checks in patterns to match almost any suit. For stylish cut, quality of workmanship and fine finish you'll find these caps several leagues ahead of the price.

Newly Imported The Featherweight Derby, \$3.96

For the man who wants something a little out of the ordinary these featherweights prove a big attraction. They are so light in weight that you hardly know you are wearing them, and the felt is absolutely flexible, durable, and dyed a fast black. We sincerely advise those who discarded the derby for the greater comfort of soft hats to try one of these featherweights.

Silk Dress Hat, \$4.89

Very Specially Priced

Do not judge this hat by its price. You're sure to make a mistake. A hat similar to this, but not quite as well finished, would cost you \$6.00 elsewhere. The black is the very latest, and every detail shows the perfection of the hatter's art.

Men's Anti-Friction Shoes

Although this shoe is built to give you solid comfort, it still incorporates the graceful and fashionable lines of modern footwear. The quality of the leather which went into the making of it is so good that the shoe will wear excellently without necessarily being heavy.

Made of fine black kid on a full toe last, it has a leather arch support which is built right into the shoe. This is so constructed that it will support the arch without giving you that clumsy feeling sometimes experienced with metal arch supporters.

It will be to your advantage to look over these shoes. Price is \$4.96.

PATTEN AFTER \$300,000 DROPPED IN WHEAT SLUMP

Chicago Magnate Overstayed Bull Market and Is Planning to Recoup Losses, Says Traders.

CHICAGO, Feb. 25.—Board of Trade representatives for James A. Patten, former king of the wheat pit, hinted to-day that Patten will lose no time in attempting to recoup the \$300,000 loss he is said to have sustained when May wheat slumped six cents, to \$1.17, the lowest price in months, yesterday. Patten overstayed a bull market and found little demand when he sought to unload, traders said.

Wheat prices advanced in early trades to-day and the market displayed renewed confidence. May wheat sold at 1.19 a few minutes after the opening. This was 1 1/2 higher than Thursday's close, but prices sagged in later trading.

RECRUITING OFFER. Descent Wood, the British sculptor, is building new faces for wounded soldiers. What?

\$50 FOR CONSCIENCE FUND.

Man Who Stole City Water Sends Money to Mayor.

Mayor Mitchell to-day received a \$50 Post Office money order as a contribution to the "conscience fund." The donor says he has been using city water for a long time without paying for it, and asks that the money be put in a fund for the reduction of taxes. The letter accompanying the money order follows:

"Hon. Mayor Mitchell: 'Dear Sir: Please accept \$50 for the conscience fund—Post Office money order, for city water used without a permit.'"

A name and address followed. The address is in East Sixty-fifth Street, Manhattan.

"This name and address," continues the letter, "is fictitious, as I thought it best to assume some name for protection going through the Post Office."

SUICIDE UNLIKE CRONES.

Policeman Who Knew Poisoner Views Body in Newark.

Capt. Tunney of the Bomb Squad took Patrolman Wallace of Staten Island to Newark, N. J., to-day to

view the body of the man said to resemble Jean Conza, the Chicago poisoner, who shot himself yesterday afternoon in the Jersey Central freight yards and died in the hospital last night. Wallace knew Conza when he worked as chef in a hotel in Grant City, Staten Island.

The policeman unhesitatingly stated that the dead man bore only a slight resemblance to Conza. He was an inch or two taller than the fugitive poisoner and in other important points there was no similarity. Fingerprints of the dead man were taken, however, as his identity has not been established.

MANY SAIL ON FINLAND.

Protection of American Flag Proves Attractive to Travelers.

The Finland of the Panama-Pacific line, sailing to-day on a White Star schedule for Liverpool, proved an attractive ship for travelers because of the presence of the American flag hanging over the taffrail. A number of persons who had been booked to sail on the Espagne of the French Line, took advantage of the Finland. There were eighty-five persons in the first cabin, sixty in the second and 110 steerage.

Among the prominent Americans in the first cabin were Mr. and Mrs. R. A. Alger of Detroit, Capt. C. E. Yates, United States Military Attaché at Paris, and Harold R. White, Henry W. Ford's Paris representative.
